A NOTE FROM KAHU AKANA

By Rev. Sarah Jones

In the month of May, the holiday of Mother's Day stands out as a highlight not only in the rhythm of our lives outside of church, but also in our worshiping experience because we celebrate Mother's Day on a Sunday. I am always sensitive in my preaching to not go on and on about my children or about motherhood. I know that there may be people in every congregation who either don't care for children and tales of their escapades, or who wanted to have a family and didn't or couldn't, which makes hearing about others' children painful and even traumatizing, at times. So I am very sensitive in general. But I can also see that this is a congregation made up of 'ohanas, many of whom are led by the matriarchs of the family: tutus and aunties and families that extend over Kaua'i and even the state of Hawai'i like a beautiful, extended web.

I believe that God has all manner of experiences and encounters and opportunities that he can use to teach us the lessons that we need to know throughout life—and those lessons are learned in different ways by different people, and we are each as different as every grain of sand and every blade of grass. And I also believe that although motherhood is for many a biological reality, and of course all of us here today had mothers, at least biologically, one can also be a mother without bearing a child from her womb. You can be a mother if you have adopted a baby, or if you are a godmother, or if you are an aunty, or if you are one of the many members of any village that it takes to raise a child.

You have been a mother if you've answered a call from a frantic neighbor with a new baby, and offered her an hour of sleep while you rock and walk and bounce the little one. You have been a mother if you've walked beside a teenager, allowing them to share things with you that they just can't bear to tell their parents, and have helped to lead them in the right direction. You have been a mother if you've hugged a lonely child at the school where you work or volunteer, squeezing them tight because you know they don't get very many hugs at home.

Being a mother, or like a mother, can teach us all so many things. For me, it has taught me many lessons already (with many more in store, I'm sure), and has been a tool that I believe God has used to help me learn more about myself and the world, and about God. One of my friends said to me right before Jack was born, "Well, now you get to really be a grown-up." While I believe that at some point, we all turn into grown-ups if we live long enough, for me it really has been true that having a family has helped me grow and mature, both in my personhood and in my faith. I pray that for you, the gift of being "motherly" and also receiving the love of mothers and those who act as mothers, is something you can celebrate this month. Many blessings on this month of May!

PARKING NOTE

Thanks to all who have been making parking more manageable on Sunday morning!

Those who are carpooling and parking at the school and/or on Waikomo Road have made a big difference in creating room for the elderly and those who have trouble walking.

CONSTRUCTION UPDATES

Maika `i Hana Hou!

Dan built shelves in the church office!!! The filing cabinets got fresh coats of paint. The ladies' breezeway bathroom and men's bathroom have been painted and look fabulous with new bamboo floors. The new ladies' bathroom is up and running, privacy partitions will be installed next week. Soon the copier will be in Penny's office. Brand new paper towel dispensers will soon be installed. All projects are near completion. Thank you for your patience during construction and for everyone's generosity to the capital campaign to make these projects possible!

SCENT-FREE ENVIRONMENT

We have members, and a kahu, who are highly allergic to various scents, often resulting in coughing, sneezing difficulty breathing and speaking, as well as other symptoms. Heavy perfumes and colognes are particularly troublesome. We are requesting that our church be, as much as possible, a "scent-free" environment during worship services, social activities and meetings. We realize that there is no way to keep all scents away, and we plan to continue having fresh flower arrangements each week and leis for special occasions, but we do ask everyone to be sensitive to the needs of those around them when it comes to perfumes, colognes and lotions.
